

World's Largest International Trade Fair of Shutters, Blinds, and Gate

Participating in R+T 2015

February 24-28 (Tue.-Sat.) at Messe Stuttgart (Germany)

TACHIKAWA CORPORATION will exhibit products at R+T 2015 to be held in Stuttgart, Germany from Tuesday, February 24 to Saturday, February 28. R+T is the world's largest international trade fair of shutters, blinds, and gate. It is held in Stuttgart, Germany every three years.

A wide range of products, such as the Executive Collections, including the highly functional PERFECT VENETIAN BLIND Three Way launched last June, as well as Roller blinds, Vertical blinds, Pleated blinds, and other blinds, will be exhibited at our booth. We will also introduce stylish fabrics, a one-chain operation system used with various products, safety-oriented parts, and other products. As an integrated manufacturer of window covering products, we will also be promoting the TACHIKAWA brand globally through this exhibition.

Since our exhibit at R+T 2012, in 2013 and 2014 we participated in R+T Asia, which is held every year in Shanghai, China. By continuously participating in R+T, we aim to enhance international awareness of the TACHIKAWA brand, pursue higher quality and functions, and reinforce our sales promotion activities in the world market.
